This table shows the number of applications that were approved or denied for benefits on any given week, by program. This includes determinations made on applications submitted via the customer portal. The date shown is the week of eligibility determination. The data does not include recertifications. Note that for 12/29/2016, State offices were closed Monday so this data only includes determinations made Tuesday through Thursday. Numbers may have shifted week over week due to a data correction in the "date complete" field to improve accuracy of the query.
